### Salary

\$21.97 - \$38.21 Hourly  
\$45,688 - \$79,484 Annually  
This position is a Pay Band 80

### Why does the job exist?

This position will review and analyze economic and financial information including telecommunications and utility testimony, exhibits, economic and financial studies and other regulatory filings. Incumbent will provide recommendations regarding analysis through communication reports and testimony.

### How does it get done?

Through economic, financial, and technical analysis of docketed telecommunications and utility cases and issues that come before the Commission.

- By providing pre-filed written direct testimony and exhibits in regulatory proceedings before the Commission with the assistance of other Staff and Staff legal representatives.
- By providing persuasive oral testimony in support of pre-filed written direct testimony under cross examination by the opposing parties counsel.
- By actively participating in other proceedings, special projects, and working groups, and providing comments and reports on legislative and other work related matters.

### Who are the customers?

Agency staff, PRC Commissioners, and members of the public.

### Ideal Candidate

The ideal candidate will have experience in the industry of regulation to include telecommunication and utility work.

### Minimum Qualification

Bachelor's degree in Economics, Statistics, Business Administration or related field and four (4) years of experience in economic analysis, finance, accounting or auditing. Substitutions Apply. See Substitution Table below.

### Employment Requirements

Possess and maintain a valid New Mexico Driver's License. Background investigation is required and conditional pending results.

### Working Conditions

Strict deadlines, office setting, some travel and overtime required.
