## PIPELINE SAFETY BUREAU

Main: (505) 476-0298  
Fax: (505) 827-4388

June 14, 2018

To: Natural Gas and Hazardous Liquid Pipeline System Operators  
From: Jason N. Montoya, P.E.  
RE: Pipeline Safety Fee for Fiscal Year 2019 (July 1, 2018 through June 30, 2019)  
Case No. 18-00115-PL

Annually, the New Mexico Public Regulation Commission (NMPRC) establishes the Pipeline Safety Fee, pursuant to NMSA 1978, 70-3-21 and NMAC 18.60.3, to be collected from jurisdictional pipeline system operators subject to the NMPRC's Pipeline Safety Regulations. For the upcoming fiscal year (FY 2019), the NMPRC has approved the following fees:

- For operators of natural gas distribution system:  
\$0.99 per residential services  
\$9.89 per commercial (all other) service
- For operators of jurisdictional natural gas gathering systems:  
\$35.00 per mile (with a minimum fee of \$400)
- For operators of jurisdictional intrastate natural gas and hazardous liquid transmission systems:  
\$35.00 per mile (with a minimum fee of \$400)

NMAC Rule 18.60.3.11.D requires each operator of an intrastate pipeline to submit payment within fifteen (15) days of the executed order. Please submit your payment and completed form as indicated on the attached fee calculation worksheet. You may also use an electronic spreadsheet version for your calculations which can be found on the Pipeline Safety Bureau's webpage at <http://nmprc.state.nm.us/transportation/pipeline-safety.html>. Per NMAC Rule 18.60.3.8 and 18.60.3.10, operators are required to submit certain statistics on intrastate pipeline facilities as well as a copy of the required DOT annual reports to the Pipeline Safety Bureau annually.

Thank you for your continued attention to pipeline safety.

Sincerely,

A handwritten signature in black ink, appearing to read "Jason N. Montoya".

Jason N. Montoya, P.E.  
Pipeline Safety Bureau Chief
