Santa Fe, NM 87504**

This manual was developed by the New Mexico Public Regulation Commission, Pipeline Safety Bureau, for use by Small Gas Operators (Master Meters) in the operation of their gas system.

The contents provide the operator with the required written plans and records necessary to be in compliance with the **minimum** requirements prescribed by the Code of Federal Regulations, Title 49, Part 192, New Mexico Statutes and New Mexico Public Regulation Commission Rules.

This manual is intended as guidance material only. It is the Master Meter Operator's responsibility to comply with all Federal and State regulations. Additional information may be required based on the circumstances of each particular gas system.

At anytime, if operators have questions or need additional information, please call the New Mexico Public Regulation Commission, Pipeline Safety Bureau, at the numbers listed below:

Santa Fe Office..... (505) 476-0298

**\*NOTE: IF YOU CHOOSE TO USE THE GUIDANCE MATERIAL, PLEASE CHECK THE PIPELINE SAFETY BUREAU'S WEBSITE FOR UPDATES.**
